Washington D.C. 20515

April 4, 2019

Dear Representatives Langevin and McMorris Rodgers:

On behalf of the Alzheimer's Association and the Alzheimer's Impact Movement (AIM), including our nationwide network of advocates, thank you for your continued leadership on issues and legislation important to Americans living with Alzheimer's and other dementias, and to their caregivers. The Alzheimer's Association and AIM proudly supports the Lifespan Respite Care Reauthorization Act, H.R. 2035.

More than 5 million Americans are living with Alzheimer's and, without significant action, nearly 14 million Americans will have Alzheimer's by 2050. Today, another person develops the disease every 65 seconds; by 2050, someone in the United States will develop the disease every 33 seconds. This explosive growth will cause Alzheimer's costs to increase from an estimated \$290 billion in 2019 to more than \$1.1 trillion in 2050 (in 2019 dollars). These mounting costs threaten to bankrupt families, businesses and our health care system. Unfortunately, our work is only growing more urgent.

The Lifespan Respite Care Reauthorization Act would reauthorize the Lifespan Respite Care Program at \$200 million over five years. This program is beneficial to the family members, friends or other unpaid caregivers who provide eighty-three percent of the help to older adults in the United States. Nearly half of all caregivers who provide help to older adults do so for someone living with Alzheimer's or another dementia. Alzheimer's takes a devastating toll on caregivers. Compared with caregivers of people without dementia, twice as many caregivers of those with dementia indicate substantial emotional, financial and physical difficulties.

The Alzheimer's Association and AIM deeply appreciate your continued leadership on behalf of all Americans living with Alzheimer's and other dementias. We look forward to working with you to advance this bill. If you have any questions about this or any other legislation, please contact Rachel Conant, Senior Director of Federal Affairs, at rconant@alz-aim.org or at 202.638.7121.

Sincerely,

Robert Egge
Chief Public Policy Officer
Executive Vice President, Government Affairs
Alzheimer's Association
